## Information about Purchasing NGA Materials For Independent Study

### Purchasing Study Materials for Certification Exams:

The National Guardianship Association has developed a National Study Guide that can be used in individual or group study to help prepare you for the examination to become a National Certified Guardian. A study guide is also available for the state-specific portions of the examination in California. NGA does not offer a state-specific study guide for any other state.

### When to Use This Form:

If you want to prepare for the exam without taking the National Review Course or if you plan to register for a Course at a later time, use this Study Materials Order Form to make your purchase without registering for the course.

### About NGA's National Review Course for the National Certification Exam:

NGA's Review Course is presented in a webinar format offering the opportunity to participate in a study program for the national certification exam using a computer and a toll free phone number. To register for the NGA National Review Course, use the Review Course Registration Form. You can also register for a recorded Review Course or a live webinar (if offered) on NGA's website.

Each of the four hour-long modules is focused on a defined topic so participants can register for all four sessions or just those where brush-up training is desired. The overall course is an in-depth review of the NGA National Study Guide and is taught by Approved Educators from NGA. The course is not intended to cover state-specific portions of examinations in California, Florida or Texas.

To learn more about the National Certification Review Course or to register for the course go to:  
[www.guardianship.org/review\\_course.htm](http://www.guardianship.org/review_course.htm)

### About the National Certified Guardian Exams:

Signing up for the review course or ordering study materials **does not** automatically register you to take the exam. For information on the exam contact the Center for Guardianship Certification by calling 717-238-4689 or obtain the exam registration form at [www.guardianshipcert.org](http://www.guardianshipcert.org).

The exams are conducted by the Center for Guardianship Certification and study options are offered by NGA, two entirely different organizations. Therefore, registering for an exam and a course is a two-step process and payment must be made separately to each organization.

***Registering for the course or ordering study materials does not automatically register you for the exam and vice versa***
